## 1. Introduction

This document captures all the details of the client's project team and prerequisites required for the implementation of Blackboard Dashboard. This information will be used for developing and configuring the Blackboard Dashboard module on the client's Unifyed environment. This document will provide users with basic steps for configuring the Blackboard Dashboard for the Unifyed portal. The Blackboard dashboard offers end users the ability to see Blackboard courses and corresponding announcements within the Unifyed portal. Users are also able to click on individual courses to open the corresponding course page within Blackboard in a new browser window. These links do not automatically sign users into Blackboard.

## 2. Client Information

<b>Name</b>	
<b>Email Address</b>	
<b>Phone #</b>	
<b>Role</b>	

## 3. Cut-Over Date

<b>Date</b>

## 4. BlackBoard Dashboard

Information to be filled in by Members	
<b>Test User Credentials</b> for your institutional Blackboard administrator account	
Test User 1 Username Password	
Test User 1 Username Password	
Configuration Parameters required	
Web Service Username	
Web Service Password	
QuickLaunch SSO URL	
Blackboard Announcements Launch URL Template	
Blackboard Courses Launch URL Template	
Blackboard Organizations Launch URL Template	
CAS Server URL	

## 5. Pre-requisite for Blackboard Dashboard Implementation

The following are the prerequisites for a successful implementation of the Blackboard Dashboard module:

- Institution should have Blackboard version 9 and above running
- Institution should have deployed the Blackboard Building blocks WAR file (war file is available on Unifyed SVN)
- Valid certificate for Blackboard should be available
- Valid test account with access to announcements, grades and schedule

**NOTE:** There may be additional items required for configuring the Blackboard Dashboard depending on your Blackboard system settings that you may have in place. This list only serves as an initial guide to the type of information that will be required and must not be treated as an exhaustive list.

Disclaimer

**Any changes made in the information provided in this document by the member school post the sign-off (during the project implementation) needs to be approved by Campus Consortium as it may have impact on the scope, timeline and cost of this project.**
