1. Introduction

Unifyed Identity (Single Sign-On), a cloud -based, self-service cost-effective single sign-on solution, enables users to sign on with one user identification and password, allowing access to multiple applications without re-authenticating. We would need the following information to be filled up.

2. Client Information

Name	
Email Address	
Phone #	
Role	

* The tenant administrator would be the one who would administer the entire Unifyed Identity configuration which shall include managing SSO, design, licenses etc.

3. Cut-Over Date

Date	
-------------	--

4. SSO Discovery Information

Information to be filled in by Members	
Organization's Name:	

Do you currently have any IDP (CAS, ADFS etc.)?	Yes
Fill in the following information if you have a CAS solution	
CAS Version:	
CAS Login and Logout URL:	
CAS Clear Pass URL:	
Client to expose groups via CAS-SAML Response: (if yes provide group names)	

Fill in the following information if you have ADFS	
ADFS Version:	
ADFS URL:	

Directory Server Information	
Directory Server:	
Public IP/Host Name:	
Version:	
Bind Account:	
Password:	
Groups to be used for role based application access:	
Total Number of Users:	
Do you want :- OPTION 1: VPN Tunnel b/w your AD/LDAP and QuickLaunch Network OR	

OPTION 2: Whitelist QuickLaunch IPs on your public IPs of AD/LDAP network?

*Tunnel will have additional Costs

5. Design Discovery Information

QuickLaunch provides an easy way to manage the look and feel of UI and it can be managed by a tenant administrator using the Pre and Post Login Branding Feature provided with the solution.

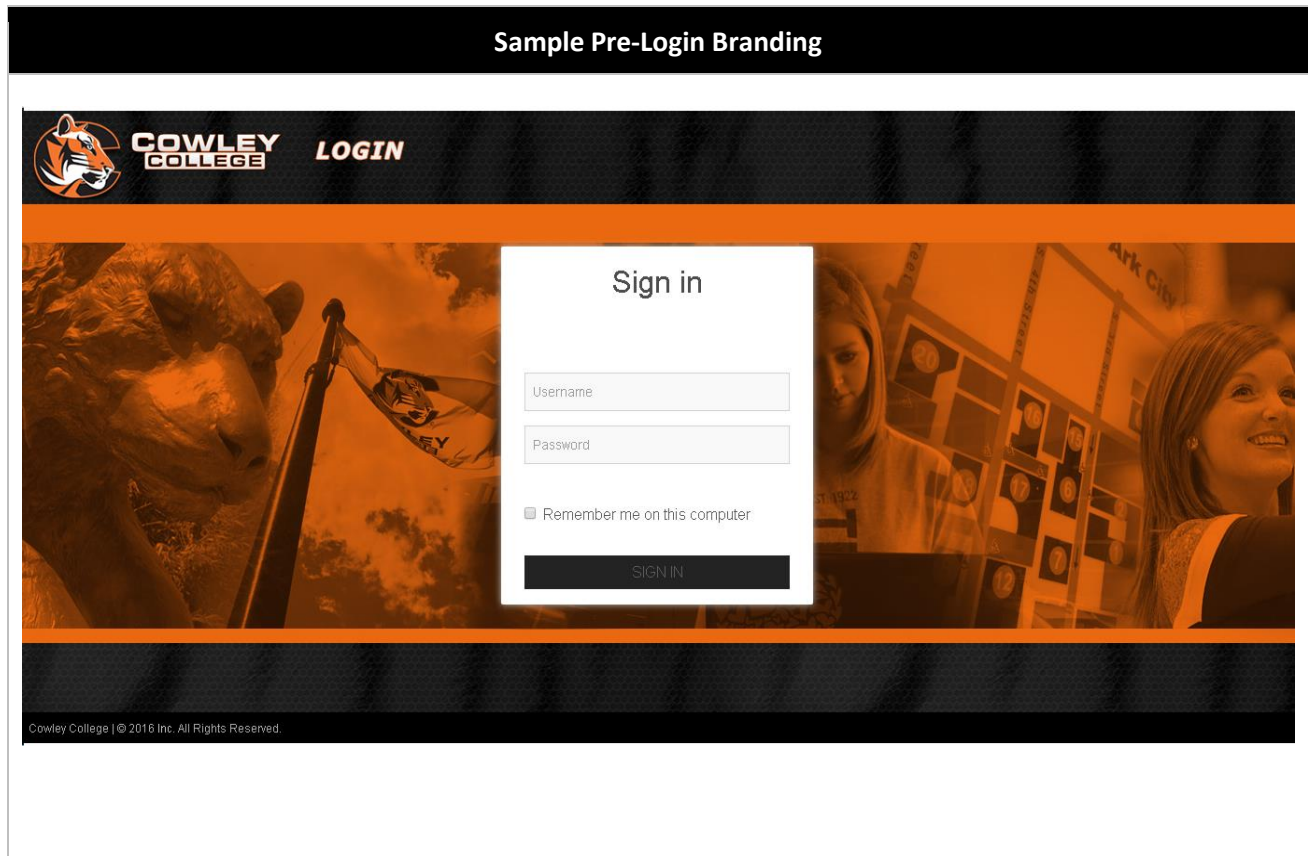

NOTE: If you need customized branding to be done by Unifyed Identity then it would be at additional cost. Please contact Unifyed Identity Team for more details.

Need custom Login & Post Login Branding?

No

*Share the customization details for scoping session**

**A separate scoping session is required with additional cost for customization*

Disclaimer

Any changes made in the information provided in this document by the member school post the sign-off (during the course of the project implementation) needs to be approved by Campus Consortium as it may have impact on the scope, timeline and cost of this project.
